Pat and Wendy,
 Attached is a link to a document that Ohio EPA submitted to FERC regarding the Rover Pipeline construction spill near the Tuscarawas River. A separate link would allow you to subscribe to FERC for all documents related to the Rover project. That could be a voluminous number of email notices, many of which may not be related to the spill. Since the NEPA process for this pipeline was completed months ago, we no longer have a need to subscribe to the FERC docket for Rover.
 Ken
